**Request for Certificate of Correction of Office Mistake Under 37 C.F.R. 1.322**

Sir:

The Applicant respectfully requests that the attached Certificate of Correction be entered for the above-identified United States Patent to correct omitted items in claim 12. Specifically, in column 8, line 19 after "selected" insert --remote location within a premises at least one of the modules being an electronic module for providing sensing and control services throughout the system--. No new matter has been added as a result of this correction.

A charge is not required for the Certificate of Correction, since the error was incurred through the fault of the United States Patent and Trademark Office, which mistake is clearly disclosed in the records of the United States Patent and Trademark Office.

Respectfully submitted,
